

SHAHEEN BAWAJAN

Garland, TX | 945.446.8893 | shaheen.bawajan@gmail.com | linkedin.com/in/shaheen-bawajan | shaheen2005.github.io/shaheen-portfolio

PROFESSIONAL SUMMARY

IT professional with an M.S. in Information Technology and Management and practical experience in AI automation, application development, and IT audit. Contributed to building intelligent workflows that improve efficiency and support secure operations. Assisted with access-control reviews and IT general control assessments, gaining a strong foundation in cybersecurity and compliance. Known for being detail-oriented, eager to learn, and effective in collaborative, fast-paced environments.

TECHNICAL SKILLS

Security & Compliance: NIST CSF, OWASP Top 10, RBAC/IAM, IT General Controls (ITGC), COBIT, Risk Assessment, Access Control Auditing

Cloud & Infrastructure: AWS (EC2, S3, IAM), Docker, REST APIs, Git/GitHub, Jira

Programming & Scripting: Python, SQL, Java, JavaScript, Bash, HTML/CSS

AI & Automation: n8n, Retrieval-Augmented Generation (RAG), Qdrant, Vector Embeddings, LLM APIs, Prompt Engineering, Power Automate / Apps, Dataverse, Model Context Protocol (MCP) Server integration

Testing: Playwright, Web UI Testing, URL Validation, Regression Testing

Certifications: AWS Certified Cloud Practitioner | IBM AI Literacy Badge

PROFESSIONAL EXPERIENCE

IT Application Development Intern — HF Sinclair, Dallas, TX Oct 2025 – Dec 2025

- Engineered 2 enterprise compliance applications in Microsoft Power Apps (AI Registration, Conflict-of-Interest Disclosure), reducing manual submission time by ~60% across 3 departments.
- Automated 4-stage approval workflows in Power Automate, cutting average review cycle from 5 days to under 24 hours, and integrated SharePoint/Dataverse for real-time data validation.
- Partnered with Legal and Compliance stakeholders to translate 12+ business requirements into technical specifications, achieving zero post-launch change requests.

IT Audit Intern — The University of Texas at Dallas Feb 2025 – May 2025

- Evaluated IT general controls across 4 enterprise systems against NIST and COBIT frameworks, identifying 6 access-control gaps and delivering remediation recommendations that strengthened the university's security posture.
- Conducted 8 cross-functional interviews to assess RBAC adherence, contributing findings to the university's annual IT governance and compliance report.

TECHNICAL PROJECTS

Web URL Testing Automation | Playwright, Python Sep 2026

- Built automated Playwright tests to launch configurable URLs, validate page availability and key UI elements, and capture screenshots on failures for repeatable web regression checks using a Playwright MCP server for distributed test execution.

AI Job Hunt Automation Agent | n8n, RAG, Docker, LLM APIs Aug 2026

- Architected a self-hosted multi-step AI agent pipeline (n8n, Qdrant, OpenRouter) using RAG to score job postings and generate tailored application materials, resolving Docker networking and multi-provider rate-limit constraints.

RAG Document Chatbot | Python, RAG, Vector Embeddings, LLM APIs Apr 2026

- Built a Retrieval-Augmented Generation chatbot with document ingestion and vector-embedding pipelines, grounding responses in uploaded source material for multi-document Q&A without model retraining.

Food Ordering System | Java, VB.NET, SQL Server Dec 2023 – Apr 2024

- Architected a 3-tier desktop application with SQL Server backend; implemented parameterized queries and OWASP Top 10 input validation controls to eliminate SQL injection vulnerabilities.

Hospital Management System | HTML, CSS, JavaScript Nov 2023 – Mar 2024

- Built a responsive multi-page web app meeting WCAG 2.1 accessibility standards; modular component architecture reduced codebase redundancy by ~30%.

EDUCATION

The University of Texas at Dallas — M.S., Information Technology and Management (GPA 3.3) May 2026

Jamal Mohamed College — B.C.A., Computer Applications (GPA 3.6) May 2024

LEADERSHIP

General Secretary, National Youth Parliament (Trichy, India): Led parliamentary sessions and earned a Certificate of Recognition from the Government of India for outstanding organizational leadership.

Marketing Officer, Salesforce Student Chapter, UTD: Designed and executed digital marketing campaigns across social media platforms, growing chapter membership by 25% and increasing campus event attendance.
